Financial Agreement:

Thank you for choosing Macke Dental Care for your dental health needs. We do not want finances to be an issue for our patients. We understand that it is not always possible to pay your dental bill in full so, we would like to explain our financial options. We invite you to discuss with us any questions regarding our services. The best Dental health services are based on a friendly, mutual understanding between provider and patient. Please Choose the options that works best for you.

1. Payment is due at the time treatment is rendered. We accept Cash, Check, Credit Card and CareCredit.

2. **Dental Insurance-** We do accept all insurance plans as long as your specific plan allows you to visit an out-of-network provider. We are not in network with any insurance companies, so you want to make sure your plan is a PPO plan which will allow you to go out of network and will pay out-of-network dental benefits. As with many medical providers, our fees may exceed the amount insurance carriers will pay. Every dental insurance plan has different stipulations regarding access to care and payment for services rendered. Within the same insurance company, benefits may differ depending upon what type of contract employers negotiate with that carrier on an employee's behalf. Ultimately, it is important for the patient to understand his/her dental benefits including specific inclusions and exclusions. Our office asks that you realize we do not work for or with any insurance company. However, we do work 100% for our patients. The treatment recommended to you at our office, as well as the fees, is always based on individual needs, and not your insurance coverage.

_____ Please initial

Our office will not enter into a dispute with your insurance company over any claim, although we will provide the necessary documentation your insurance company requests to settle the claim. Our insurance estimate is based on the basic coverage advised by your insurance company, but just as your insurance will advise, there is no guarantee of payment until payment is made. Again, all we can give you is an estimate. We will assist you in dealing with your insurance company, but the ultimate responsibility lies with you.

If the account is not paid within 60 days of the date of service and no financial arrangements have been made, you will be responsible for legal fees, collection agency fees, interest charges and any other expenses incurred in collecting your account.

3. Monthly payment options – If you need to make long-term payments, we can offer financing with Care Credit which offers up to 6 months NO INTEREST financing as well as longer terms with low interest rates. You must qualify for this option. Please do not hesitate to ask us about this option. We may conveniently qualify you right here in the office today.

Returned Checks – A fee of \$25.00 will be charged for any returned checks

Broken Appointments: Please help us keep our costs down. No-shows are costly for us all. Please be aware of any appointments made by your and later cancelled with less than 48-hours' notice will incur a \$110 no charge.
